I consent to treatment necessary or desirable to the care of the patient first mentioned above, including but not restricted to, whatever drugs, medicine, performance of operation that may be used by the attending doctor, his nurse, or qualified designate. I also acknowledge full responsibility for the payment of all services. I understand that the patient or responsible party is solely responsible for payment of all services, though the insurance may be filed. I also acknowledge as a member of these plans, that my insurance will be submitted by this office and I will be responsible for paying all copays and/or deductibles at the time of visit.

I understand that if my insurance is an HMO, that I must obtain a referral from my Primary Care Physician every visit before coming to this office for any appointments. I understand that it is my responsibility as the patient to confirm that my referral is current and in effect when I arrive for my appointment. If no referral is obtained, I will pay for the visit.

DILATING EYE DROPS

Please read this important information carefully:
Dilating eye drops are used to enlarge (dilate) the pupil of the eye to allow the ophthalmologist (eye doctor) to view the inside of the eye and perform a thorough examination of the retina. The retina cannot be completely observed without the use of these drops. Dilating drops usually blur the vision for a length of time that varies from person to person (up to several hours) and may make bright lights bothersome. It is not possible for your doctor to predict how much your vision will be affected. Driving must be avoided immediately following your examination and you should not drive until the effects of the dilating drops have worn off.

By signing below, you acknowledge an understanding that dilating drops will be used in your eyes at this visit and **EACH** future appointment you may have at Florida Retina Specialists. Further, you understand that another person needs to be available at all visits to drive you home.
